MEMORANDUM FOR: Deputy Director for Administration

FROM: William F. Donnelly  
Director of Communications

SUBJECT: Weekly Report

1. On 15 June, Mr. John Grimes, Deputy Manager of the National Communications System, toured the Headquarters Telecommunications and Voice Communications Branches.

4. The Office of Communications installed 208 Delta Data terminals and relocated 40 during May, and is working towards a goal of 300 installations per month. There is a rather constant backlog, currently at 299, as installations are geared to the rate with which the Office of Data Processing can make ports available.
